MATTEO CAINER ARCHITECTURE

We are seeking for passionate **All-round Architect** with 3-5+years of experience to join our team in **Milano, Italy**.

The ideal candidate should be motivated, ambitious, and have strong design sensibilities. **Candidate must speak both Italian and English**, be proficient in 3D Modelling in Rhinoceros, 2D drawing in AutoCAD, have knowledge of rendering software such as V-ray, and aware of all stages of a project, from concept design to construction.

The Position:

We are looking for an all-round architect with strong design skills and an awareness of technical parameters. You will be focusing on various aspects of architectural design, ranging in program and in scale. This position will require you to continue growing your current responsibility level while helping others, therefore, to be highly motivated, self-guided, and willing to contribute to the office and to our collective knowledge culture.

We look forward to receiving your C.V + portfolio + short motivation letter to jobs@matteocainer.com
